

FEES - METABOLOMICS

Fatty acids quantification	Price per sample	Note
Internal	25\$	A discount is applied when customers are participating in the analysis
Academic	35\$	
Company	75\$	

Self-service HPLC- use	Hourly Price	Notes
Internal	10\$	or 120\$/day
Academic	20\$	Not available
Company	40\$	

Quantification of water-soluble metabolites using LC-MS/MS (Ex. ATP, ADP, AMP, NADH, NADPH, GTP, cAMP, Kreb's cycle intermediates, organic acids, amino acids, short-chain CoA, etc.)			
Users	Price per sample		
	Absolute quantification*	Relative quantification*	Note(s)
Internal	15-75\$	10-45\$	A discount is applied when customers are participating in the analysis
Academic	25-85\$	20-55\$	
Company	75-160\$	55-125\$	

Prices are subject to change without notice.

*Prices vary depending on the number of metabolite analyzed (between 1-50 metabolites), the number of sample, and method of extraction.
